

**ARIALED**  

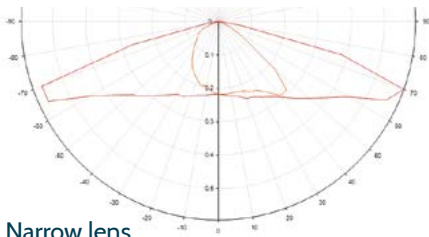

# Introducing Arialed

The Arialed is a flexible, high performance luminaire able to provide solutions for a range of lighting scenarios from P6 through to M2. Achieved by employing a unique modular light engine capable of accommodating a range of LED configurations. The attractive low profile, lightweight design utilises the "Aria-stream" air flow system to keep the LEDs as cool as possible providing a long life lantern with minimal lumen depreciation. The driver is housed separately, in a discreet enclosure ensuring minimal heat transfer between the driver and light-engine.

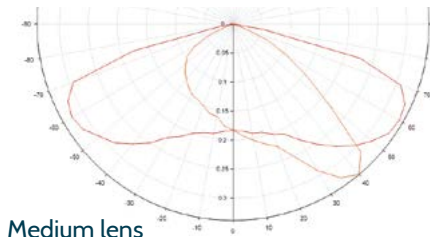

60 LED example shown length can vary

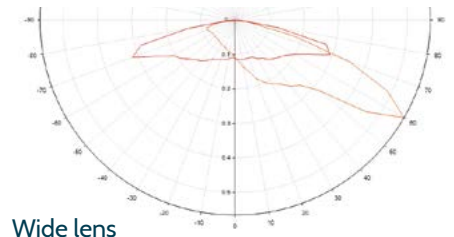

Measurement in millimetres.

Medium lens

Wide lens

## Product Features

Future proof modular light engine and power compartment.

SmartCity Ready

Tool Free Access

CLO Available

IP66

Up to IK10

Modular

Preset Dimming

Surge Protection – 10kV 5kA  
MLV (clamping voltage) 1.2kV

Tilt angle adjustment  
+10° to -10°

Lightweight  
LM6 aluminium

## Lantern Information

Weight	6.5 - 14 kg
Windage	0.055m <sup>2</sup> - 0.09m <sup>2</sup>
RAL codes	Black: RAL 9017 Grey: RAL 7035
Mounting sizes	76, 60, 42, 34mm

## LED Data

Lumen output range	Lumens per watt	CCT
1536 - 41,614 lumens	upto 130 lm/w	3000k, 4000k, 5000k
LX value	RA/CRI index	
L90>100,000 hours	>70 Standard >80 Available
