Introducing Our New Luminaire – Citisoft Arc!
A perfect fusion of timeless elegance and modern functionality.

Designed to seamlessly complement both historic settings and contemporary urban spaces, Citisoft Arc delivers exceptional versatility through its smart modular system. Its innovative design allows for optimal placement of a downward-facing Zhaga socket – ideal for motion detection or traffic monitoring – making it a smart choice for walkways, plazas, parks, and streets alike.

Available in a wide range of colour temperatures, lenses, and socket options to suit your exact needs. Suitable for pole heights from 4 to 8 meters.

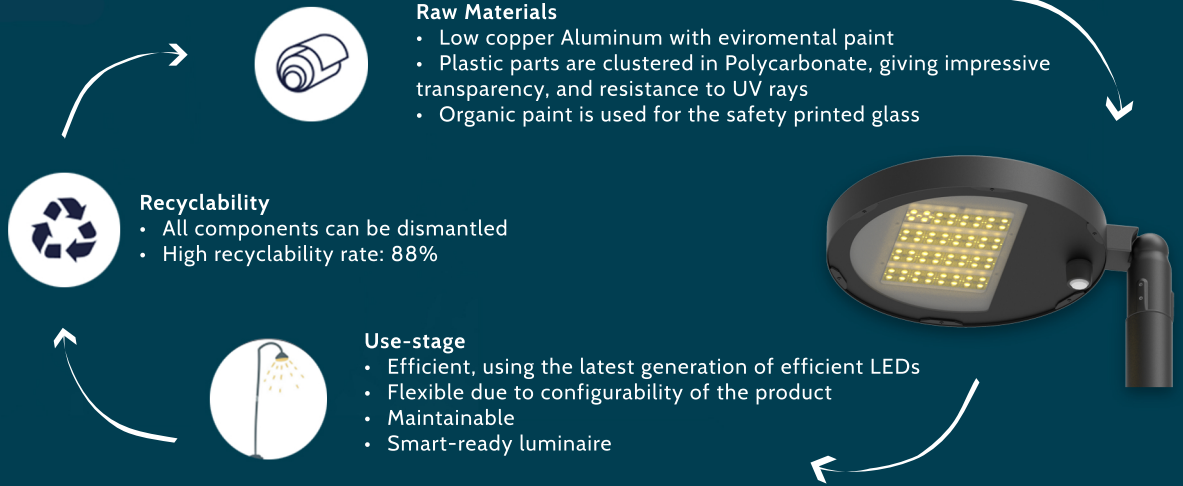

Citisoft Arc – classic design, modern performance.
