

CITISOFT PLUS

Introducing Our New Luminaire – Citisoft Plus

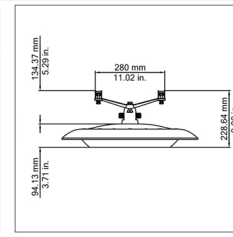

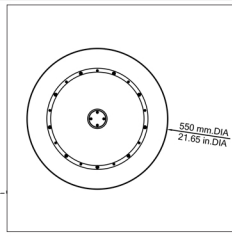

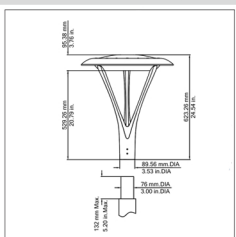

A perfect fusion of timeless elegance and modern functionality.

Designed to seamlessly complement both historic settings and contemporary urban spaces, Citisoft Plus delivers exceptional versatility through its smart modular system. Its innovative design allows for optimal placement of a downward-facing Zhaga socket – ideal for motion detection or traffic monitoring – making it a smart choice for walkways, plazas, parks, and streets alike.

Available in a wide range of colour temperatures, lenses, and socket options to suit your exact needs. Suitable for pole heights from 4 to 8 meters.

Citisoft Plus – classic design, modern performance.

More options available, please ask us.

Measurements in millimeters

High quality materials for optimum durability

Raw Materials

- Low copper Aluminum with environmental paint
- Plastic parts are clustered in Polycarbonate, giving impressive transparency, and resistance to UV rays
- Organic paint is used for the safety printed glass

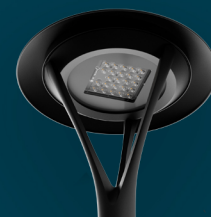

Recyclability

- All components can be dismantled
- High recyclability rate: 88%

Use-stage

- Efficient, using the latest generation of efficient LEDs
- Flexible due to configurability of the product
- Maintainable
- Smart-ready luminaire
